

Example case history and feedback: specialist partners – Pod- *we do what we say we are going to do*

Pod was first engaged by Care Fertility, the UK's largest independent and NHS funded provider of fertility care in 2013. Care Fertility requested development programmes to support staff undertaking educational medical and nursing presentations to prospective patients and clients wishing to use fertility services.

Pod have subsequently designed and delivered a range of successful presentation skills programmes for all levels of staff – consultants, senior and middle managers, midwives, nurses and embryologists.

Customer / delegate feedback: Advanced presentation skills and coaching for senior managers/consultants/midwives

Pace of course:

- Easy to keep track of content, reiteration good
- The content was very helpful but at times overwhelming as so much to take in, in a short time
- A little rushed, but that may have been as we started late
- Steady pace

Relevance to job/team and usefulness to you personally:

- Very – presenting in 11 days
- Have to do presentations internally, good pointers for future
- Very useful

Standard of tutors/consultants:

- Very presentable, professional, approachable
- Worked well together
- Very good, worked very well as a team, well balanced
- Very high standard

Did you personally enjoy the course:

- Yes
- I thoroughly enjoyed today and feel I am taking a lot away, thought provoking
- A necessary evil – was my thought before attending but put at ease and found the course more enjoyable than when I arrived
- Enjoyed it

How much did you learn on the course:

- Lots – all useful!
- I feel that I will be able to present in a more confident manner my objectives were met
- Feel more confident with the idea of presentations now
- Lots and lots – all good stuff
